Objective

Motivated Computer Science (Data Science) undergraduate with a strong foundation in Python, DSA, web development, and machine learning. Seeking an entry-level Software Developer or Data Science role to apply my technical skills, solve real-world problems, and grow in a collaborative corporate environment.

Education

B.Tech Computer Science Engineering(DS)	Jabalpur,India
Baderia Global Institute of Engineering and Management	Sep 2023–Sep 2027
6 Semester	
CGPA : 7.33 SGPA : 7.75	

Experience

- Smart India Hackathon 2025 (SIH-25): Collaborated with a team to develop an AI-based Crop Yield Prediction System that provides data-driven recommendations to optimize crop productivity and improve farming outcomes.
- Virtual Internship – SkillWallet: Collaborated on a health analytics web platform that compares heart disease with other diseases, presenting insights through an intuitive and user-friendly interface.

Projects

- FocusNest –
Built FocusNest, a productivity web app to streamline task management and focused work through Pomodoro timers, customizable environments, music, and productivity analytics using HTML, CSS, JavaScript.
- Digital Birthday Card –
Developed a responsive and interactive birthday-card web application using HTML, CSS, and JavaScript, implementing animations and dynamic interactions to deliver an engaging personalized user experience.
- RaktSetu –
 - Developed a responsive frontend for a blood donation and emergency request platform, designing intuitive interfaces for donors, blood seekers, and blood banks.
 - Implemented interactive blood-group search, emergency request, and navigation components using JavaScript, improving usability and creating a seamless user experience.

Technical Skills

- Programming skills : Python, C, C++, SQL
- Web & Backend Dev : HTML, CSS/Tailwind, JavaScript, React, Django
- AI-ML Frameworks : Scikit-learn, Tensorflow
- Developer Tools : Git, GitHub, Vs Code, PowerBI, Tableau, Canva
- Core Computer Science : DSA, OOPS, DBMS, OS, Computer Networks
- Productivity Tools : MS-Office

Scholastic Achievements & Certifications

- Online Course :
 - Google for Developer
 - Microsoft's Using Github with Python
 - Cisco's Python Essentials 1 & 2
 - EduSkills TechCamp on Google AI-ML.
- Certifications :
 - AICTE - Google for Developers
 - NPTEL - Data Analytics with Python
 - NPTEL - Machine Learning
 - NASSCOM - Digital Application Fundamentals (STEM)
 - Microsoft - Explore AI with Azure
 - Web development training - ExternClub

Co-curricular activities

- Led Multiple Team Projects and Hackathon.
- SIH Finalist At Collage, Year 2025.
- Participated In IDE Bootcamp, Wadhwani Foundation.

Extra - curricular activities

- Creative Arts : Member of Sketching Club.
- Reading Books

Soft Skills

- Communication
- Logical thinking
- Leadership
- Time Management
